#### **Adrienne Ernst**

1000 Lake Cook Road • Glencoe, IL 60022 314-458-1644 • <u>AErnst@u.northwestern.edu</u> AdrienneErnst.com

<ul><li>Ph.D. Plant Biology and Conservation Northwestern University</li><li>B.A. Biology and Environmental Studies, <i>summa cum laude</i> Knox College</li></ul>	2015-present June 2015
Honors and Awards	
Garden Club of America Fellowship in Ecological Restoration	2019
Best Student Poster - Society for Ecological Restoration- Midwest Great Lakes	2019
Society for Ecological Restoration- Midwest Great Lakes Research Award	2018
Plant Biology and Conservation Award	2017
National Science Foundation Graduate Research Fellow	2016-present
Alvah Peterson Biology Prize for Outstanding Senior in Biology	2015
Elected as a Junior to Phi Beta Kappa	2014
Charles and Arvilla Timme Fellowship Award	2014
Dean's List at Knox College	2011-2015
Knox College Lincoln Scholar	2011-2015
Pfizer Special Scholar	2011-2015

## **Publications**

Hipp, AL, MC Glasenhardt, ML Bowles, M Garner, BC Scharenbroch, EW Williams, RS Barak, A Byrne, **AR Ernst**, E Grigg, MG Midgley, H Wagreich, DJ Larkin. 2018. Effects of phylogenetic diversity and phylogenetic identity in a restoration ecology experiment. In: R Scherson, D Faith (eds) Phylogenetic Diversity: Applications and Challenges in Biodiversity Science. Springer.

### In revision:

**Ernst, AR**, RS Barak, AL Hipp, AT Kramer, HE Marx, DJ Larkin. The invasion paradox dissolves when using phylogenetic and temporal perspectives. Journal of Ecology

Karimi, N, DJ Larkin, MC Glasenhardt, RS Barak, EW Williams, **AR Ernst**, AL Hipp. Selection on convergent functional traits drives compositional divergence in a tallgrass prairie restoration experiment. Journal of Ecology

#### *In review:*

De Vitis, M, K Havens, RS Barak, L Egerton-Warburton, **AR Ernst**, M Evans, JB Fant, AJ Foxx, K Hadley, J Jabcon, J O'Shaugnessey, S Ramakrishna, D Sollenberger, S Taddeo, R Urbina-Casanova, C Woolridge, L Xu, J Zeldin, AT Kramer. Why are some species missing in restorations? A roadmap for diagnosing and treating dark diversity. Journal of Applied Ecology

## To be submitted:

**Ernst, AR**, RS Barak, MC Glasenhardt, AT Kramer, DJ Larkin, HE Marx, RE Poulton Kamakura\*, AL Hipp. Evaluating the potential of phylogenetic and functional diversity to promote invasion resistance in restorations. *To be submitted Mar 2021*. Journal of Ecology

\*undergraduate student

### **Presentations**

**Ernst, AR**, AL Hipp, AT Kramer. 2018. The role of phylogenetic diversity in invasion resistance and community stability: Implications for restoration. Ecological Society of America. New Orleans, LA.

Diaz, R\*\*, **AR Ernst**, RE Poulton Kamakura. 2018. Invasive species: do relatives help or hinder? Chicago Public Schools Science Fair. Chicago, IL.

Hipp, AL, MC Glasenhardt, ML Bowles, M Garner, BC Scharenbrock, EW Williams, RS Barak, AR Ernst, MG Midgley, DJ Larkin. 2018. Effects of phylogenetic diversity and phylogenetic identity in a restoration ecology experiment. Botanical Society of America. Rochester, MN.

Karimi, N, AL Hipp, MC Glasenhardt, EW Williams, RS Barak, **AR Ernst**. 2019. Effects of phylogenetic and trait diversity in a restoration ecology experiment. Botanical Society of America. Tucson, AZ.

\*\*high school student

### **Posters**

Knauf, K\*, **AR Ernst**. 2020. Phylogenetic diversity – a potential indicator of invasion resistance. Botanical Society of America.

**Ernst, AR**, AL Hipp, RE Poulton Kamakura\*\*, and AT Kramer. 2019. Going beyond richness: the effect of phylogenetic and functional diversity on invasion resistance. Society for Ecological Restoration – Midwest Great Lakes. Pella, IA. –*Best student poster* 

Knauf, K\*, **AR Ernst**. 2019. Phylogenetic diversity – a potential indicator of invasion resistance. Society for the Advancement of Chicanos/Hispanics and Native Americans in Science. Honolulu, HI.

Poulton Kamakura, RE\*, **AR Ernst**, C Pfister, AT Kramer. 2018. Propagule pressure and the establishment success of nonlocal species. University of Chicago Honors Symposium. Chicago, IL.

Poulton Kamakura, RE\*, **AR Ernst**. 2018. The effects of propagule pressure and phylogenetic diversity on invasive species establishment success. Ecological Society of America. New Orleans, LA.  $-I^{st}$  place student poster in Restoration section \*\*undergraduate student

Teaching Experience	
Teaching Certificate Center for the Integration of Research, Teaching, and	2021
Learning, Northwestern University	
Teaching Assistant Evolutionary Processes, Northwestern University	2020
Teaching Assistant Plant Evolution and Diversity, Northwestern University	2020
Teaching Assistant Cell Biology Lab, Northwestern University	2017
TRIO Achievement Program Tutor in Biology and Environmental Studies,	
Knox College	2014-2015
Center for Teaching and Learning Tutor in Environmental Studies,	
Knox College	2013-2015
Teaching Assistant Challenges of Sustainability First Year Preceptorial,	
Knox College	2014

## **Mentoring Experience**

Lake Forest College Internship Mentored one undergraduate student fall 2019
Chicago Public Schools Science Fair Mentored one high school student fall 2018
University of Chicago Honors Thesis Served as research adviser for student 2017-2018
Chicago Botanic Garden Research Experience for Undergrads Mentored two undergraduate students summer 2017 and summer 2019

**Chicago Botanic Garden College First** Mentored two high school students summer 2017 and summer 2019

# **Research Experience**

Honors Thesis, Knox College; "Development of a pattern language for restoration ecology" advised by Dr. Stuart Allison 2014-2015

Ford Fellowship, Knox College; "The potential of pattern language for restoration ecology" advised by Dr. Stuart Allison Summer 2014

Mellon Community Based Research Award, Knox College, "Characterization of the local food economy in Galesburg, Illinois: the potential for local food market expansion" advised by Dr. Peter Schwartzman 2012

**Tyson Environmental Research Fellowship**, Washington University in St. Louis, "Pollinator preference in an urban restored savanna" advised by Steve Buback 2010

# **Outreach Experience**

**Invasive Plant Association of Wisconsin Newsletter** "Testing native diversity as a tool against invasive species" (to be released 2021)

**Downers Grove North High School** Designed data collection activity at Morton Arboretum for AP Biology classes 2019

**Chicago Botanic Garden Science Festival** 2018

Chicago Wilderness Prairie Climate Change Adaptation Plan Advisory board member 2018 Mastering Plant Science Team Ecological Society of America 2017-2018

## **Academic Service**

Graduate Leadership and Advocacy Council Department Representative	2019-2020	
Professional Development Committee Plant Biology and Conservation Department	nt 2019	
Safe and Welcoming Environment Chair Plant Biology and Conservation Department 2018		
Journal Club Chair Plant Biology and Conservation Department	2017-2018	
Recruitment Chair Plant Biology and Conservation Department	2016-2017	

## Reviewer

Journal of Ecology Natural Areas Journal
